# JETSTAMP GRAPHIC 970

The jetStamp Graphic 970 is one of the most advanced marking and coding tools available. It sets the standard in terms of flexibility, reliability, and efficiency. With a large and customizable print area, Reiner's exclusive self-traversing printhead, and cartridge based technology, the 970 is unmatched in precision. Print 1D and 2D barcodes, graphics, logos, alphanumerics, lot codes, expiration dates, in half a second with the click of a button. With the intuitive and user friendly software, and the ability to print onto absorbent and non-absorbent surfaces, this printer will become an essential part of your operation.
